Why choose to study in Cyprus

- Cyprus as a third-party ship management centre it is the largest in Europe and amongst the top 3 worldwide
- More than 20% of the worlds’ third-party management fleet is managed by companies based in Cyprus
- Cyprus has the 3rd largest fleet in Europe and the 11th largest fleet worldwide
- The Cyprus flag is a top-quality sovereign flag
- Need of specialized staff, with proper academic and technical skills, ready to take over the challenging positions within the Maritime industry

Why choose to study at the Cyprus Maritime Academy

The Cyprus Maritime Academy (CyMA) in collaboration with Intercollege and under the auspices of the University of Nicosia, offers Maritime programs designed to provide the necessary academic knowledge, professional skills and competences to Deck and Engine Officers who wish to pursue a career on merchant marine ships.

Purpose

The aim of the Nautical Science program and the Diploma – Class ‘C’ Marine Engineer is the proper training of Deck and Engine Officers accordingly, in order for them to acquire key positions on merchant marine ships. The training provided is in accordance with the standards of the United Nations International Maritime Organization (IMO) and it is in full compliance with the provisions set out by the International Convention on Standards of Training, Certification and Watch-keeping for Seafarers (STCW).
